Sanjay - this looks good to go, I proposed one clarifying item that I hope you agree with. In the "application revision received date" column I added "(due 30 days after NOI date)". If that minor change is OK with you please start populating the tracker and use this for your monthly submittals. Thanks for your

work on this. CAFO Status2EPA mod.xlsx

Revised as discussed. I also found that I placed a couple of dates from examples in the wrong place on the last version. I also put the revision application column after the NOI column. The expected dates for completeness review and final action are 30 days and 180 days after application receipt, respectively.
